Alexandria  
Mineral Oils Co.  
شركة الاسكندرية  
للزيوت المعدنية

**Note:**

100% of the shares held by major shareholders who have not traded their shares for a period of one year prior to the calculation date shall be excluded.

Formula for calculating the percentage of free-float shares:

$$\text{Free-float shares} = \frac{828656485}{1291500000} * 100 = 0.6416232$$

**Free-Float Shares**

In implementation of the definition stipulated in Article (4) of the Listing and Delisting Rules issued by the FRA Board of Directors' Decision No. 11 of 2014 and its amendments:

Free-float shares refer to all shares available for trading, whether for purchase or sale, without restrictions. They are calculated after excluding the following from the company's listed shares on the Exchange schedules:

1. Shares owned by state-owned holding companies in their listed subsidiaries.
2. Shares owned by major shareholders, according to the following ratios:
  - 100% of the shares required to be retained under these rules.
  - 100% in non-retention cases under these rules, provided that 97% may be excluded only if trading has occurred within one year prior to the calculation date.
3. Shares owned by founders during the lock-up period stipulated in Article 45 of Law 159 of 1981, whether at incorporation or at capital increase, unless already included under the major shareholders' shares.
4. Treasury shares.
5. Shares held as a guarantee for Board membership, if required by the company's Articles of Association, for the duration of the membership.
6. Shares owned by shareholders bound by agreements or contracts to retain a percentage or number of the company's shares for a specified period, throughout that period.
